STEADY HANDS OPERATIONS

Sales Associate Track Selection & Agreement

Important Operational Update | Response deadline: Friday, October 16, 2026 at 10:00 AM PDT

As we finalize our initial sales cohort, associates are asked to review the following compensation pathways and select their preferred option.

Option 1: 2 week performance trial

- **Compensation:** $12 per hour, up to 10 hours weekly, plus $30 commission per qualified sale.
- **Performance bonuses:** $100 for 5 qualified sales; $250 for 10 qualified sales.
- **Minimum call requirement:** At least 25 outbound call attempts per hour, logged in the Outreach CRM during scheduled working hours.
- **Minimum sales requirement:** 3 qualified sales per week. Failure to meet this minimum may result in an evaluation of continued eligibility for the trial.

Option 2: Commission specialist

- **Compensation:** $30 commission per qualified sale; no hourly pay under this option.
- **Performance bonuses:** $100 for 5 qualified sales; $250 for 10 qualified sales.
- **Sales expectations:** 2 qualified sales per week is a target, not a requirement. There is no mandatory weekly minimum sales requirement or hourly call quota.

Selection and acknowledgment

Select one pathway after reviewing the full terms. A qualified sale must meet company verification and payment requirements. Bonus eligibility and calculation periods should be confirmed in the final signed agreement.

Associates who do not submit their selection by the deadline may have Outreach and CRM access temporarily restricted pending confirmation with management. Existing assignments, prior activity, and earned compensation are preserved.
