STEADY HANDS OPERATIONS

Important Operational Update

Sales Associate Structure & Quotas

Hi team,

As we finalize our initial sales cohort, we are clarifying our production standards and compensation pathways for all associates. Per our onboarding guidelines, we are offering two pathways moving forward:

OPTION 1 | Complete 2-Week Performance Trial

$12/hour + commission

- **Production standards:** Maintain 20–25 outbound dials per hour (CRM logged) and target 4 qualifying sales per week.
- **Compensation:** $12/hour for up to 10 hours per week ($120/week cap), plus $30 commission per qualifying sale and weekly performance bonuses.
- **Eligibility:** Associates who do not meet dial minimums or miss the weekly sales target will conclude their trial and will not be eligible for a permanent position.

OPTION 2 | Direct Transition to Commission Specialist

- **Flexible quota:** Target 2 qualifying sales per week to maintain active status, with no rigid hourly call quota.
- **Earnings:** $30 commission per qualifying sale, eligibility for weekly bonuses ($100–$250), and priority access to hot inbound leads.
- **Long-term retention:** Continued roster placement while maintaining the 2-sale weekly baseline.

Response Deadline: Friday, October 16, 2026 · 10:00 AM PDT

Please submit your preferred track (Option 1 or Option 2) by **Friday, October 16, 2026, at 10:00 AM PDT**. Associates who have not submitted their selection by this deadline may have their Outreach and CRM access temporarily restricted until their preferred track is confirmed with management.
