Sales Associate Agreement

Commission + Weekly Bonus Training

Company: Steady Hands LLC Associate: _____

Start date: _____ Work location (state/country): _____

1. Services and flexible schedule

Provide remote sales services: contact prospects, explain services and prices accurately, share website previews, follow up, and record customer information and call outcomes.

Flexible service schedule. No fixed weekly hours or hourly base pay apply to this commission-based training track.

2. Pay, commissions and weekly bonuses

Commission: $30 per qualifying paid sale. A sale qualifies when the customer completes the purchase, payment is received and verified, and the sale is attributed to the associate in company records.

Qualifying paid sales per week	Weekly bonus
0–4	$0
5–9	$100
10 or more	$250

The $250 bonus replaces the $100 bonus; bonuses do not stack. The bonus week is Monday-Sunday, using the company's designated accounting timezone. Bonuses are added to commissions.

Total pay: ($30 x qualifying paid sales) + weekly bonus.

Payment: every two weeks on the payment calendar provided to the associate. Each week's commission and bonus are calculated separately; two weeks of sales are not combined to reach a bonus tier.

3. Sales targets and 2 Week Sales Evaluation

Training target: 2 qualifying paid sales/week. This is a development goal with more flexible expectations than the hourly tracks. Progress and sales results are reviewed every two weeks in the 2 Week Sales Evaluation.

Hourly eligibility: complete 26 total qualifying paid sales, then pass an evaluation confirming 2 or more paid sales in each of the two reviewed weeks. The associate qualifies for the 10-hour track; the new pay arrangement and effective date must be confirmed in writing.

4. Updates, dialing and activity

Daily check-in: report service hours where applicable, activity, important updates and blockers. Weekly check-in: verify sales progress, follow-ups and upcoming availability.

Dialing guide: 15-20 attempted calls per active dialing hour, allowing for conversations, preparation and notes. This is a planning benchmark, not a condition that cancels earned compensation. Follow applicable calling/opt-out requirements, protect customer information, and avoid unauthorized promises.

5. Reevaluation and continued engagement

Sales Associate eligibility is reviewed each four-week evaluation period. Repeated failure to meet the cumulative team quota or management expectations may result in reevaluation of the management assignment, future hours, or compensation arrangement. Steady Hands LLC may discontinue the engagement, subject to applicable law. Compensation already earned remains payable.
